PROFESSIONAL EXPERIENCE

Digital Marketing Intern, Nation Innovation

March 2026 - June 2026

Delhi, India (Remote)

- Managed brand social media presence across platforms at 3-4 posts per week, consistently executing multi-format content aligned with brand identity and campaign goals
- Applied on-page SEO principles to content and platform profiles, improving organic discoverability and search rankings within 3 months
- Leveraged AI tools, including Claude, ChatGPT, Gemini, and Canva AI, to accelerate content ideation and production, cutting average content creation time by approximately 50 percent while maintaining quality
- Tracked and analyzed weekly campaign performance via Meta Business Suite and Buffer; identified top-performing content formats and iterated strategy based on data insights
- Collaborated cross-functionally with the marketing team to plan and execute multi-channel digital campaigns aligned with brand growth objectives

PERSONAL PROJECTS

AI & Marketing LinkedIn Content Channel, Personal Brand Project

January 2026 - Present
